

OPNS Informatics Digest

October 2017

You Asked... We Listened

One of our top users, Terry at Rochester Medical Group, asked for a "Print All" function to save time and be efficient to obtain daily/monthly reports for all physicians in one practice.

The registry is designed for you, and we welcome any suggestions in the efforts of improving efficiency of population health care.

The warehouse tab under the OPNS Registry is being integrated with all clinical documents from SJMHO. Please check them out!

OPNS Informatics

The OPNS Informatics team is providing you with the tools.

We're also here to help.

Let's use the tools to build our Patient Centered Medical Home and create our Patient Centered Medical Home Neighborhood.
