

National Drug Code Reporting Requirement for Physician Administered Drugs

Providers and hospitals are required to report the National Drug Code (NDC) when billing for a physician administered drug on electronic and paper claim formats. This requirement is for HAP Empowered Medicaid and HAP Empowered MI Health Link claims.

Billing guidelines can be found in the Michigan Department of Health and Human Services Medicaid Provider Manual. You can find the manual [here](#). Please refer to the following sections:

- Billing & Reimbursement for Institutional Providers
 - Section 7.18 - Injections
- Billing & Reimbursement for Professionals
 - Section 6.4 – Ancillary Medical Services

You can also find a list of HCPCS codes that require an NDC.
